THE TIMES.

FARMVILLE

The 'spring fever' has been putting in its best lick, but most of us have gotten on without consulting the doctors.

The soda fountain has been in full play and has had legions of supporters.

Normal girls have been sitting about on the ground just as though summertime had come. Guardian angels seem to hover about such mortals. The boys have all discarded their vests and the new straw is coming to the front. The modest violet has been charming by its sweet presence and soon the "rose will come again." Nature in resurrection robes is glorious and mysterious. Where does the green of the grass come from? The fragrance of the flower? The freshness of morning? We dont understand, but this we believe, the hand that sends them "is divine." And yet some folks are foolish enough to say they only believe that which they understand. Who understands the difference between winter and spring? The dead leaf and the living leaf? The bare limb and the one burdened with fruit?

All eyes are turning towards Jamestown, and the opening day will draw largely from this section.

The "openings" at our millinery stores have been occasions of great interest too. The "sisters" have attended in large numbers, and by common consent it is agreed that the "creations" were never so "perfectly lovely."

I was premature in locating Mr. Garnett in the post office. Mr. J. E. Harris, the most persistent and consistent Republican ever known in this section, led the Garnett forces and always said he would win. In the meantime he has picked up a go-vernment job for himself and is located in the Eastern portion of the State. "Col." Bliss is doing similar work.

Ex-treasurer Bliss has sold his farm and is living quietly in town, while George Richardson is busy in his store. These make up the list of the old leaders who no longer can boast of much of a following.

The G. O. P. has had its day and should be content to die.

I can remember when our business men used to play marbles. The suggession of a game of golf no longer received with favor. All men are in pursuit of happiness at least they so flatter themselves, and are born flatterers. There is no let up in the struggle.

The dispensary refrigerator will soon be as cold as Iceland. No one will be permitted to drink the beer where sold, but those who buy will no doubt drink it while it is yet cold. Who mixes the juleps I just don't know.

The Wall Street shock has'nt been felt in Farmville so far as I know. Our people are game, but they are not gamblers.

The "water wagon" is the most important vehicle that ever enters our gates.

From the amount of fertilizer going out from our stores, the tobacco crop for another season will be as large as ever. The "hewitching weed" still woos people to its working. Mr. T. O. Sandy, certainly one of the most successful of Southside Virginia farmers, never cultivated a plant of it. Too much work and too little profit for him, and those who know him know that he is'nt a lazy man.

"Mose," the town mule and cart are still doing noble work. The street sprinkler is adding to our comfort too. The fact is Farmville is an attractive place to live and gets to be more and more so as the days go by.

Fall summer dress in March is unusual but we had it this year for days and weeks.

Our house keepers complain of the spring market but what's better than jole, turnip tops and poached eggs? And then the noble hen rushes to the rescue just in the "nick of time" and makes it possible for some other folks other than the Rockefeller family to feed on her "fruit." Perhaps we don't quite appreciate as we should the "queen of the barn yard." If she don'nt crow over her exploits we should.

Farm lands in this section, I am advised, are constantly increasing in value. The outside world will yet learn to know just how valuable they are.

Our pure water, health record and generous soil are simply peerless. Our social conditions, too, are of finest sort, while our educational and religious advantages are unsurpassed.

It behooves us to get our houses in order and fling our gates wide-open for the Jamestown incoming crowds.

Capt. S. W. Paulette has been on a visit to his son, M. Vernon Paulette, who has recently married and made his home in Kentucky. That was handsome compliment to the young couple.

The last statement as published by our banks show wonderful growth and strength. Between them they pass the million mark, and this notwithstanding the multiplicity of banks in this section during the recent past.

Contracts for new sidewalks have been let and our little city is to become more and more attractive.

The grass in our yards never looked greener though the frost-bite must have been sharp.

A Woman Tells How to Relieve Rheumati. Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines, but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible.

Sold by J. R. Atwood, Appomattox; R. J. Carter, Prospect; E. F. Glover, Evergreen.

The telegraph companies raise the wages of the employes. Hurrah! The telegraph companies raise the rates on messages 33 1-3 per cent. Hurrah some more! Gracie Who always and invariably pays the freight?

Cured of Rheumatism.

Mr. Wm Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and strength returned. In three weeks the rheumatism had disappeared and has not returned. If troubled with rheumatism try it. A few applications of Pain Balm You are certain to be pleased with the relief which it affords.

For sale by J. R. Atwood Appomattox, R. J. Carter Prospect, E. F Glover Evergreen.

"Where are the dudes of yester year?" asks the N. Y. World Among the mollycoddles of to-day of course.

EUREKA.

Yes, I Have Found it at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or paralysis are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys poisoned blood will attack the vital organs, causing organic disease of the bladder, or the kidneys themselves break down and waste away entirely. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Grippe or Influenza, whichever you like to call it, is one of the most weakening diseases known.

Scott's Emulsion, which is Cod Liver Oil and Hypophosphites in easily digested form, is the greatest strength-builder known to medical science.

It is so easily digested that it sinks into the system, making new blood and new fat, and strengthening nerves and muscles.

Use *Scott's Emulsion* after Influenza.

Invaluable for Coughs and Colds.

Why Some Tobacco Is Best

Is well and interestingly told in Virginia-Carolina Fertilizer free booklet by experts on tobacco farming. The four burning qualities of cigars are greatly impaired by using inferior, and "cheap" fertilizers. Insist upon your fertilizer dealer supplying you with high grade

Virginia-Carolina Fertilizers

for they contain no impurities, according to the kind of tobacco—and the growth of your tobacco will be hastened forward two or three weeks. Your yield per acre will be greater, and the quality better—larger leaves containing good body and excellent finish. Then you will obtain more money for your crop. Get one of our beautiful almanacs. It is free but worth $1.00 to any farmer.

Mr. Johnny Carroll of Rockfish, Va., was shot down by Henry Clemons. The particulars of the shooting are not known. But Clemons walked up to Carroll and said, "I am going to shoot you," whereupon Carroll threw up both hands and begged for mercy. Carroll got up and walked to Farrar's store and told him that he was shot and walked about 100 yards further and then fell. He was carried home on a stretcher and it was found that the bullet was lodged in the shoulder.

Mr. Nash, of Midway Mills, is working a force of 24 men, putting in side track on east end.

Our school in this neighborhood closed on the 26th of March. It was taught by Miss Mattie L. Christian who was loved by all of her scholars and those present at the closing exercises enjoyed themselves.

We had a grapnophone which was played by Mr. George Stephens and I will try to name the crowd the best I can as follows:

Misses Esther Nash, Annie Dolan, Rachael Nash and Gracie Nash, Daniel, and Jennie Nash and A. Mann and B. Mann, Mamie Ware, Daisy, Sam'l., Bertha and Charlie Dolan, Ma on, Walter and Mattie Hughes, Sam, Lizzie, Ora and Bessie Wilkerson, Joe, Lula, Elia, Florence, Walker and Roser Coleroll, Lucian Stephens, Cabell, and Lizzie Fields. The visitors were: Misses Minnie Dolan, of Wingina, Eva Romers, Alice Christian, of Allens Creek, Erma Spencer of Belmont, Messrs. Charlie McGuire, of Norwood, G. S. Henry, of Green Hill, Boyd Powers, Jones Turner, of Norwood, Misses Nannie Gunter, of Yellow Gravel, Annie Taylor, of near Woodland church, Mrs. Dolan, of Yellow Gravel, Mrs. J. Carroll, of Midway Mills, Mrs. Bill Fields and sons, of Norwood, Mr. John Gunter, of Manteo, Mr. Harwell, Miss Lula Hughes and daughter, of Nelson, Messrs. Stuart Hughes, and Wells, of Lovingston, Va., R. A. Woody, of Nelson, Cleveland Thompson, of Rockfish, Mrs. Nash and two sons, Mrs. Smedie of Allens Level, Mr. Stuart Hughes and wife.

Mr. Sam Dolan has been kept in doors several days with a joint felon on his thumb.

Sheppards.

Our neighborhood has quieted down considerably since the arrest of the parties charged with the burning of the buildings of Messrs. Elcan and Smith.

An unusually large number of people near Sheppards are sick.

Messrs. A. C. Garnett, Sr., Geo. Carter, Nick Crute, Mrs. Matt Cox and Mrs. Tom Baughan are under the care of physicians. By the way as the nearest doctors we have are located at Buckingham C. H. and Farmville, the people find the country telephone of great advantage. The saving of both time and horse flesh is a wonderful advance over a few years ago.

Mr. W. M. G. Ranson and family have moved from Farmville, back to their home near Sheppards.

Mr. W. B Morris, who is traveling for a Lynchburg jobber, and Mrs. Morris, who has been in Boston for some time, are at New Store on a visit to Mr. and Mrs. Jones.

Mr. J. J. Renno is building a residence near here, upon the land recently purchased from Mr. Pollard.

Mr. S. B. Elam has sold his farm a short distance east of Sheppards, and will move to Lynchburg to live.

Mr. J. B. Austin and family, of Norfolk, have moved to Mr. Moss' farm. Mr. Austin will make a "honney-handed" farmer of himself after awhile.

Enonville.

Mr. E. J. Wood, who spent the winter with relatives at Enonville, returned to his home, Philadelphia a few days ago.

Mrs. Floyd J. Dabney (nee Miss Ada Price) of Richmond, is at her father's to spend some time recuperating after a severe spell of typhoid pneumonia.

I heartily endorse what the Buckingham correspondent said in regard to the schoolhouse here. Glad somebody has awoke to the facts and hope by another term to see a new house instead of the old dilapidated, uncomfortable one.

OBITUARY.

The death angel has visited the home of Mr. John Cunningham, and taken from it one of its most precious jewels, an infant son, little Wilber Edward Cunningham, born February 8, 1907, and died April 6, 1907. Dear Wilber had only been with us a few months, but oh! so hard to give him up. We shall see little Wilber here no more, but we can all meet him in a world where sickness and death never come. We do not understand why we should give up our darling, but we bow our heads and submissively say, "Not my will, but Thine, O Lord be done." Weep not dear parents, sisters and brother, for we know dear Wilber is where pain and parting is no more.

Farewell sweet darling we loved you,
But God loved you best,
And he has sweetly called you
To your blessed home of rest.
The golden gates reopened,
A gentle voice said, Come;
And our sweet darling,
With angels, entered home.

Bent Creek.

DEAR TIMES: If your Bent Creek correspondent will pardon me for encroaching on her rights, and the patrons will spare me a little of their time and patience, I'll drop in and write a few lines while she is storing away items of interest for a later date.

We, I, we have had many reverses in climate this year, the ground hog season was watched with interest and at its expiration, spring made such a lovely appearance everything began to put on a green apparel in honor of its Celon, but winter loath to leave us, returned on its flight and blighted the opening of the beautiful season. Last week we had snow, rain, mud and high water to contend with, but nothing seemed to be at a stand still. The public school kept in operation, the saw mill wagons continued to go, the tie men did not stop to rest, and the farmers trudged on as usual; all working hard for the jewels of this life, but there seems a lack of christian spirit in our midst. We have no pastor at the little church which was once so flourishing and no Sunday School for the benefit of the many bright boys and girls who need christian culture to make them more active in a sphere of usefulness. No one has ever filled old brother Dixon's place; he was always at his post of duty and was found going to market as long as he was able to attend. Why don't some one follow his example? When we are called to give an account of our stewardship here can we say to our Maker, "we have done what we could?"

Mr. Allison had an appointment at Maple Grove for Easter Sunday, and Dr. Mundy for the Sunday following, but inclemency of the weather caused a disappointment, on both occasions, but I hope the Revs will give us an opportunity to hear them soon. I think our former, beloved pastor, J. J. Spencer, might come in the community to see his old friends once more and give them a gospel treat. It seems that he has forgotten us, but he is still remembered.

At this time there is some sickness and among the number are Mrs. Robt. Stephens, wife of our faithful P. M. and Mrs. Sam Cunningham.

Several deaths have occurred among the colored race—Robt. Coley lost two children in one week; Cathy died of miningitis, which makes it appear contagious. He is a good worker, but so suspected since his misfortune, has forfeited his promise to farm this year. He rented land from J. H. Wood last year and realized the following prices for his crop of tobacco recently: Best grade $22.50; 2nd, $19.50; short, $12.50; logs, $5.75. The quantity was good as well as quality, and I'm told it pays to make the weed at such a remunerative price.

Messrs. T. H. Marks & Co. are doing a good business at this place, but many regret that "Holm's," as he is often called, has accepted a position at the Hill City.

Bent Creek school is progressing nicely, and those who send regularly have no cause to regret the effort made to get Mrs. W. N. Turner back. Not a day has been lost since school opened and a good average has been made all the time. 22.50 was made last month with an enrolment of 28. Many of the children were on the Roll of Honor, namely: Florence Dixon, Rosa, Nora and Annie Stephens, Fannie and Cynthia Viar, Pearl and Tina McCormick, Malissa and Drum Childress, also Willie Childress, Charley, Walker and Leighton McCormick, Paul and Willie Viar, Walker and Rob't Thornhill. The teacher seems to have entire cooperation with patrons as well as love of the children, and when such is the case you may expect a live school. What has become of Supt. Hannah? Is he exempt from visiting the schools? I am sure the teacher and pupils would welcome him in their midst and be glad to see him.

I fear I have detained you too long, and in case I see this in print, "I'll call again," when I haven't so much time to stay. Best wishes to Editor and patrons.

Hebron.

"Once upon a time" a jolly pastor said to this scribe, "your letters are like the Declaration of Independence in length, but of course not in eloquence." We were very forcibly reminded of this remark when our last letter was seen in print and to our surprise found it covered over a long column. It will be easy this time to make amends by giving you a short one.

The weather subject has been exhausted and not much outside news can be gathered whilst we are hovering over the fires.

The sick have nearly all recovered and the Dr. can find some rest. The teachers are all about leaving which will make quite a vacuum in society. We think some hearts will be taken with them.

The greatest excitement among us is the appearance of the fatal disease of "Hink Eye" among the horses of Mr. Charley Coleman. Three horses have it and are in a critical condition. Mr. A. H. Heckman, the veterinarian for the neighborhood, is attending to them, we hope successfully. Mr. Coleman has the sympathy of the community. He is a man of a big heart and ever ready with hands and horses to help others in need.

Mr. Allen is still going to market notwithstanding the bad roads and the weather. Mr. Frank Stratton took up two loads Tuesday. We hope he has returned with a smiling face. The farmers are very uneasy about their plants. The housewives about their chickens. Mrs. J. B. Taylor has near 100 and does not lack for chicken music. The high prices realized for poultry in these latter days will however, repay for all trouble and inconvenience.

Building enterprise still exists to some degree.

Mr. J. S. T. Bondurant, Sr., is now building and painting the house he had built for his daughter, Mrs. Tilden Lee. Unlike many elderly persons he is full of business, which helps to renew youth and leaves the world better for having lived in it.

Some of our citizens attended the Ministers' and Laymen's meeting in Appomattox the 5th Sunday and much enjoyed the intellectual feast as well as the cordiality and hospitality of the good people of which cannot be excelled anywhere. Such meetings bring us in touch with each other and prove an inspiration to better work for the Master's cause.

The Hebron Woman's Missionary Society will meet at the church Wednesday, the 17th. Bad roads and weather have hindered our work. How much the country churches are suffering from the roads, would that some of the large appropriations were for the benefit of them. A church within two miles of this writer has been entirely inaccessible all winter and we have been deprived of hearing one of the best preachers.

When the birds begin to sing again and the roses to bloom a more interesting and cheerful letter may be expected.

Hixburg.

Mr. H. E. Gilliam, wife and daughter returned to their home in North Carolina Friday.

The Rev. J. J. Cook was with us on Sunday, and preached an excellent sermon from 13th to the 26th verses of the 24th chapter of Luke.

Mr. Billy Gilliam returned to Fork Union Academy on Sunday.

Miss Thornton's school closed last Wednesday, and she went to her home in Charlotte Sunday. We hate to see her leave but hope to have her with us next winter.

Teacher's Examination for '07.

The first examination for 1907 will be held at Appomattox Courthouse, in court-room, on May 2nd, 3rd and 4th; the second examination will be held at same place, on July 29th, 30th and 31st; opening each day at 9 a m. Teachers may take either of these examinations, but all who do not expect to attend a summer institute should take the May examination, as the result of the July examination may be made known too late to contract for schools. Those who take the May examination and fail, will NOT be allowed to take the July examination, unless in the meantime they attend a summer institute.

All teachers now holding certificates, who attend an institute for twenty (20) days, will be granted, if successful, will be issued a provisional certificate good for one year, of such grade as the averages warrant. The examination can be completed in 1908, when a full certificate of proper grade will be issued.

The examination on the first year, of the Professional course, will be held on the 29th of July; for second year on the 30th, and for third year on the 31st.

Both White and Colored will be examined the same days, but in separate rooms.

For further information for all First Grade teachers, write to the undersigned, before the May examination.
